EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The reference character " 4' " has been changed to -- 4 -- throughout paragraphs [0032], [0033], [0034], [0035], and [0037] of the specification in order to be consistent with Figure 1 of the new drawings filed on April 19, 2004.

The reference character -- 1 -- has been inserted between "particulate" and the period in the third line of paragraph [0031] and between "particles" and "entering" in the first line of paragraph [0033] so that the particulate or particles are properly referenced in the specification.

EXAMINER'S STATEMENTS OF REASONS FOR ALLOWANCE

2. The following are examiner's statements of reasons for allowance: Claims 1-12 are allowable because the prior art fails to teach or fairly suggest the recited electrostatic particulate collection apparatus with the recited first substantially planar screen having the recited charge, corona, openings smaller than three millimeters, second substantially planar screen having the recited charge, polarity, corona, openings smaller than three millimeters, spacing from the first
